

## Links to be Shared.

- ❖ Embed responsively - Website to create responsive embed code.
  - [Embed Responsively](#)
- ❖ App. Showroom – Website showing front and back examples of all Blackboard/Schoolwires apps.
  - [The App Showroom](#)
- ❖ Training Site – One of the websites Blackboard Trainers use to demonstrate our product. The Training Channel has information on accessibility as well our apps in the “Essential” section within the Training Channel.
  - [Trainer Site](#)
- ❖ Image Editor – Blackboard web site where one can go and resize their images to the proper pixel size. Nice feature is it will not allow images to be “upsized”.
