Dear Families of the Class of 2028,

As we continue the transition process for the Class of 2028, we are excited to meet our future Trevian families in person. In January, we invite incoming parents and students to attend **Academic Life and All About Electives**. These are important kickoff meetings where you will hear about our academic and elective offerings to prepare for course selection.

At Academic Life, families will receive information about courses available to incoming freshman and will pick up essential materials to help with your student's course selections. We will also be posting department specific FAQ videos on our [Incoming webpage](#). These videos will answer the most frequently asked questions from incoming families and will be available as an ongoing resource throughout the course selection process.

At All About Electives there will be a brief introduction to our electives program in Cornog Auditorium and students will then see our elective courses in action around the Northfield Campus. Families will have the opportunity to see three different elective sessions and get a glimpse into the content and expectations for the electives offered at the Northfield Campus.

Please see the details for each evening below. We will send reminders and further details as the dates draw near.
